Intern - Jan 2019 - May 2019

- Learned to develop and maintain web applications using technologies like HTML, CSS, JavaScript, C# and performed web scraping tasks to gather data from websites.

IT SKILLS

- **Programming Languages**: C#, VBA, Python, SQL, JavaScript
- **Data Science & Machine Learning**: TensorFlow, Keras, PyTorch, Sklearn, Pandas, NumPy, Spacy, Matplotlib, Seaborn
- **Web:** React, ASP.Net, .NET Core MVC, .NET Core Web API
- **Database:** MSSQL, MYSQL
- **Tools & Technologies**: Git, Jupyter, Dialogflow

PROJECTS

Gen-Assist 🤖

Your one-stop shop for AI-powered document, website, and resume tools.

Payroll Suite

Manage payroll for multiple teams with a single, streamlined system.

Multiple Process Automation

Digital signature tool, process solutions by using selenium to interact with multiple websites and created VBA scripts for automating internal processes to improve operational efficiency.

EDUCATION

2017 - 2019 | Navrachna University
MSc In Information Technology

2013 - 2015 | Saurashtra University
Bachelor of Computer Application

CERTIFICATION

Artificial Intelligence With Machine Learning
Ministry of MSME

Machine Learning A-Z: AI, Python
Udemy

CONTRIBUTION

- Resume Parser w/ **Spacy NLP**
- ImageInsight LLM

SKILLS

- Teamwork
- Project Management
- Time Management
- Leadership

LANGUAGES

- English
- Hindi
- Gujarati
